

The FMC Motor Coach. *A skillfully engineered, elegantly appointed, limited production touring vehicle.*

It rides on a custom built chassis, with fully independent suspension, and is rear-engine driven. Quiet. Smooth. And responsive. Not unlike a luxury motor car.

New, tastefully-stated interiors, by one of the

nation's foremost designers. And all the amenities one would rightfully expect in a motorhome of this caliber.

Priced from about \$54,000. The Motorhome — redefined. And refined. Arrange for an appointment to see for yourself. Soon.
